

YOUR DIGITAL HR SET-UP

Save hours of admin.

Save thousands of dollars.

Built for SMEs. Implemented by HR experts.

Say goodbye to:

- multiple platforms
- spreadsheets
- paper rosters

Say hello to:

- digital onboarding
- automated timesheets
- integrated payroll
- push-of-a-button leave management
- certificate and licence tracking
- document storage and e-signatures
- automated reminders

It's HR on autopilot.

Why it Works

We **build** your entire HR system for you.
We **implement** it.
We **train** your team.

Rolled out over 3 to 6 months, so it's **manageable**.

We **meet with you monthly** to track progress and answer any other HR questions or concerns.

Your SETUP Solution

S

System First

We set up your digital HR system.
Tailored to your business.
All built in. Ready to use.

E

Employment Documents

We set you up with employment contracts and position descriptions so everything is stored, signed, and tracked in one place.

T

Tools and Templates

From policies to checklists and workflows, we add the tools you'll actually use, so your system becomes a single point of reference.

U

User Training

We train you and your team to use the system confidently, no jargon, no confusion, just simple steps and support.

P

Proactive Support

We check in monthly to keep things running smoothly, help you manage issues, and make continuous improvements as your team grows.

If you'd rather go back to spreadsheets, paper rosters, and duct-taped HR → we'll refund you
We're that confident it works.
